

CAT WET HAZARDOUS DUST COLLECTOR

NOW! ... Enjoy the benefits of wet dust collection without the hassles of a wet machine process.

APPLICATIONS

- Line Graining/Deburring Machines
- Plasma Arc & Laser Machines
- Pollution Control Benches
- Stroke Sanders
- Buffing/Polishing
- Hand Grinding Stations

• Clean

• Safe

• Quiet

Efficient

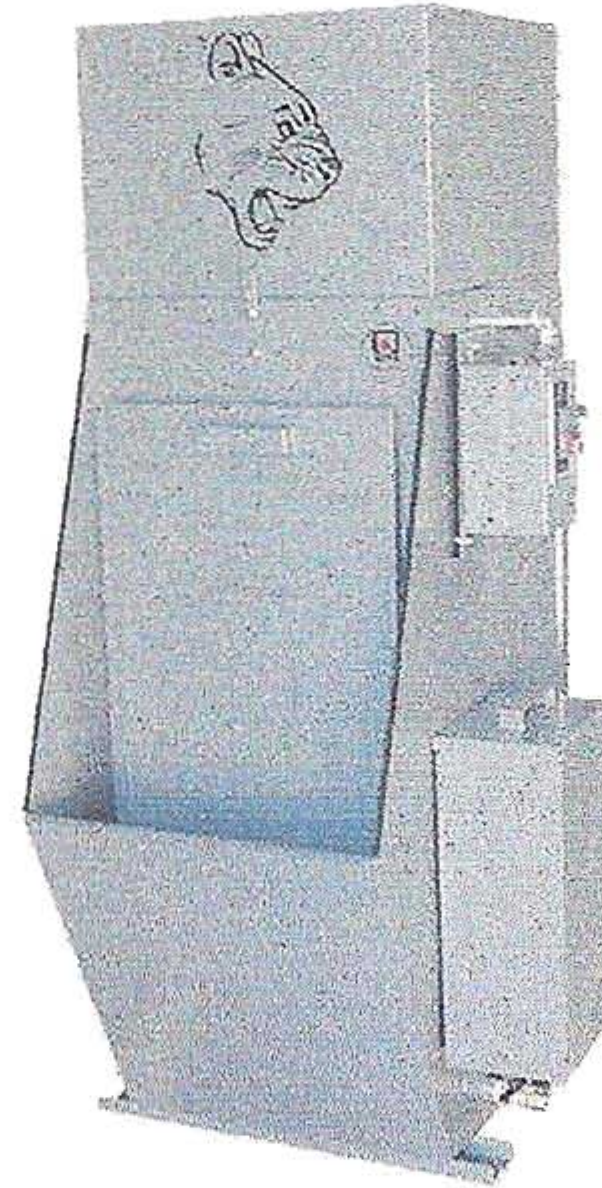

• No filter bags

• Corrosion resistant

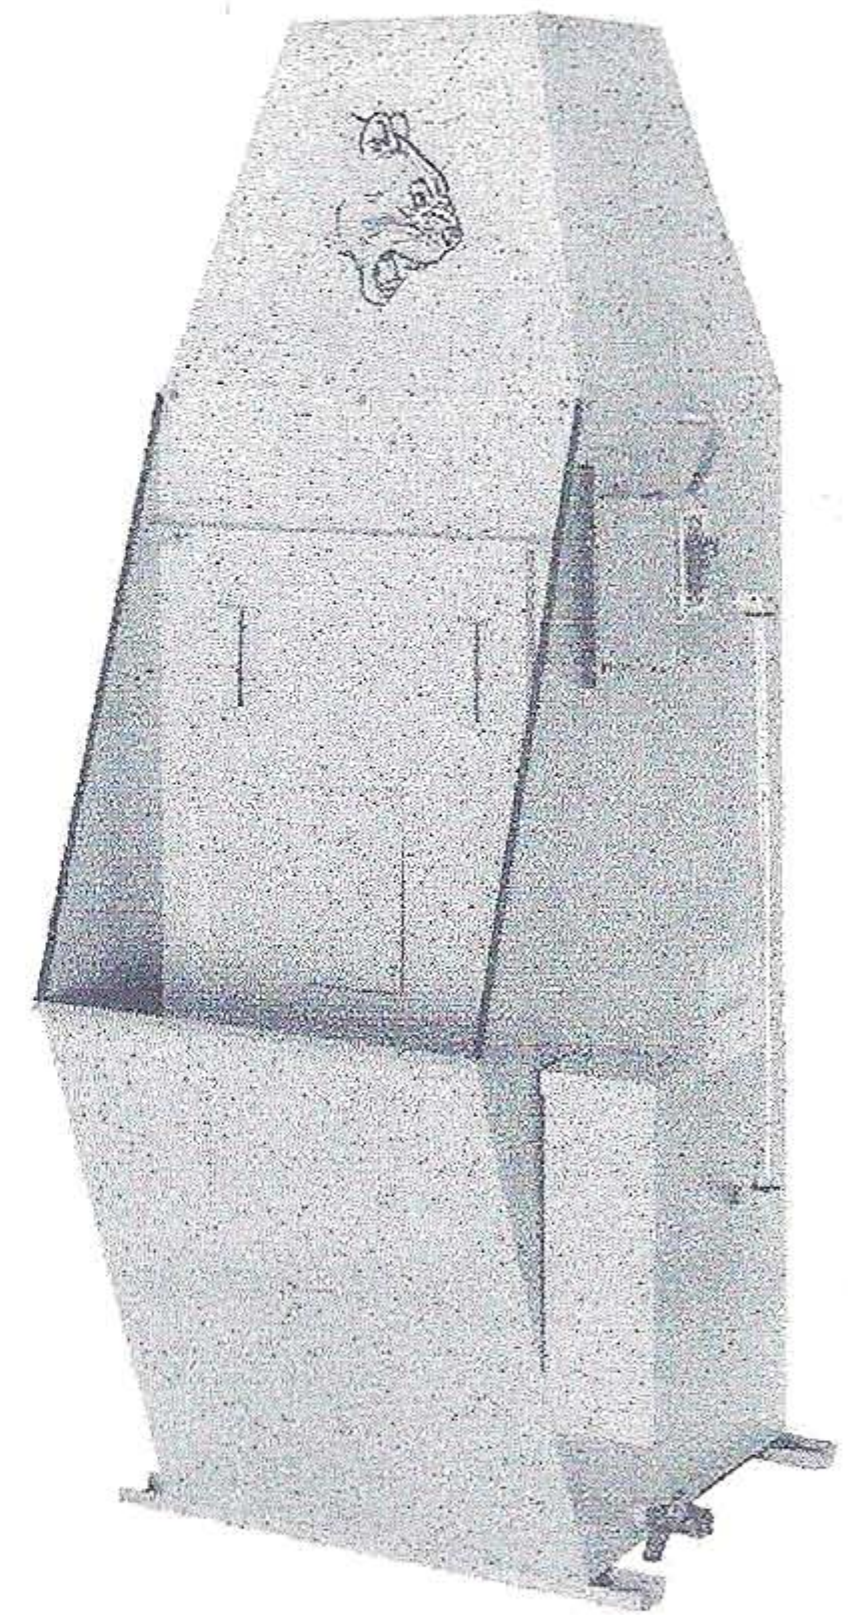

• Reduced maintenance

• Process various metal types

BENEFITS

PATENTED

TECHNICAL FEATURES

CONSTRUCTION - All Stainless Steel

IMPELLER - Precision Balanced Stainless Steel

FRONT DOOR - Removable with Explosion Relief

MOTOR - T.E.F.C. 208-230/460 3-phase 60 Hz

CONTROLS - Push-button Starter with Overloads

SOUND SUPPRESSOR - CAT's Exclusive One-Piece Sound Enclosure Design

CLEANING TOOL - Provided for Easy Sludge Removal, Made of Stainless Steel

INLET OPENING - Standard 6", 8" & 10" Dia. for Easy Ducting Attachment

AUTOMATIC FILL - Float Valve Tank to Maintain Water Level Automatically

(with water connection)

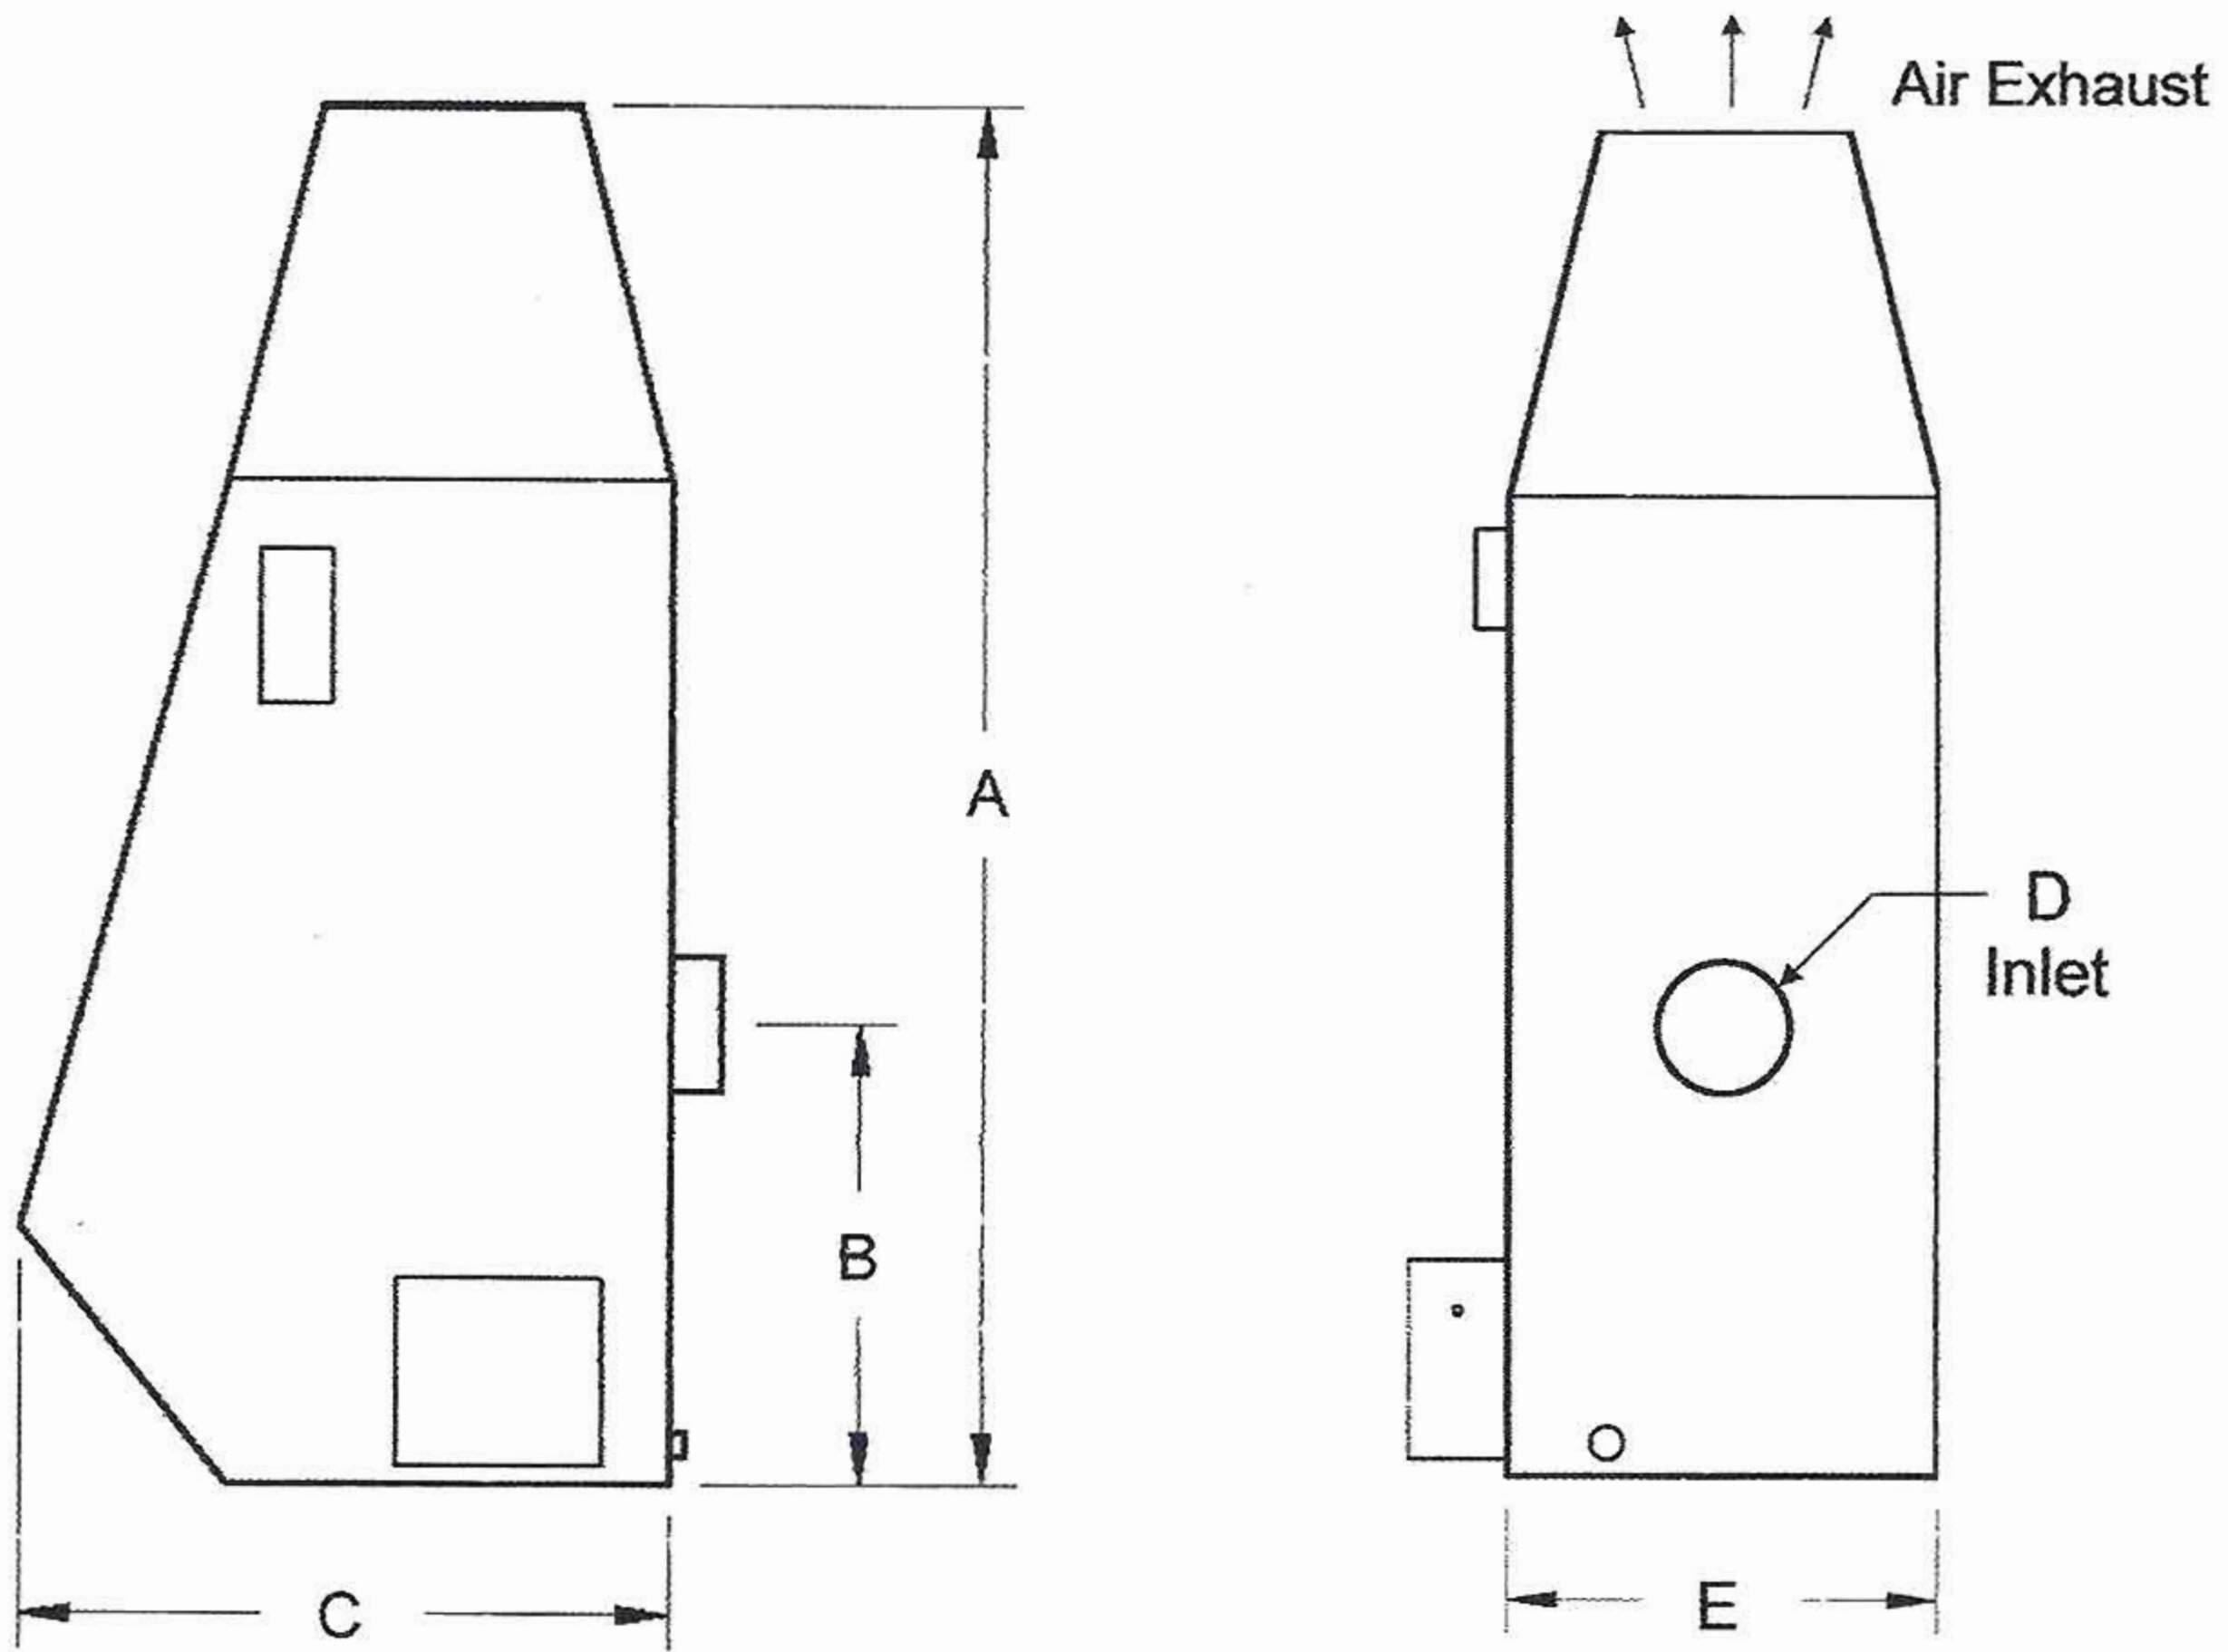

SOUND LEVEL - 80 to 82 dBA

MODEL	INLET CFM	INLET OPENING	MOTOR HP
C3-1200	1200	6"	3
C5-1800	1800	8"	5
C5-2500	2500	8"	5
C7-3000	3000	10"	7.5
